DRAFTS

HOMEMADE CIDERS

FLIGHTS AVAILABLE // 4 pours for \$10 // All 8 for \$18

Old Gold Dry Barrel Aged 8% \$8 Draft

Barrel aged for over a year in maple bourbon barrels. Think crisp white wine aged in Kentucky.

Kabbin Dry Wild Cider 7% \$8 Draft

Kabbin is wild fermented from wild apples. All that wild yeast flavor with a big apple nose and finish.

Tina Off-Dry Roadside Blend 7.2% \$8 Draft

Made from foraged apples and wild crabapples, this is a complex cider with a balanced structure and crisp, clean finish.

Hudson Off-Dry Patio Cider 7.2% \$6 Draft

Clean, bright, and easy-to-drink, *Hudson* is a barrel aged cider made from a blend of apples from a nearby orchard.

Peach Cobbler Sweet Spiced Cider 8% \$8 Draft

Pairing summer peaches with warming winter spices and a touch of sweetness, this seasonal cider won't be around long.

Sharp Tongue Dry Blueberry Sour 7.2% \$8 Draft

A dry cider packed with summer blueberries, Sharp Tongue is tart and fruity with a little berry pulp.

Six Spice Dry Spiced Cider 7.2% \$8 Draft

Cider spiked with spices including turmeric, cinnamon and ginger. Aged in whiskey barrels to create an autumnal sipper.

Gingerkin Dry Cider Lite 4% \$6 Draft

Made from a second pressing of apple pomace (think piquette) ciderkin is low-alcohol cider you can easily drink all day long.

BOTTLES

Old Gold **Dry** **Barrel Aged** **8%** **\$20 750ml Bottle**

We pressed *Old Gold* from some of the last apples grown by our friends Sue and Ed Goold. It rested in maple bourbon barrels for over a year, lending a mellow whiskey character. Think crisp white wine aged in Kentucky. *Only 53 cases bottled.*

Kabbin **Dry** **Wild Cider** **7%** **\$15 500ml Bottle**

Kabbin is wild fermented from wild apples. We spent the month of October picking apples in the Catskill Mountains—Maplecrest sweets, Durham sours, and flowering crabapples from the Arboretum. *Kabbin* has a full, mildly funky flavor. *Only 96 cases bottled.*

Tina **Off-Dry** **Roadside Blend** **7.2%** **\$15 500ml Bottle**

Our friend Tina let us pick truckloads of apples from her farm in the Catskill mountains. And while the backbone of this cider is an uncultivated, bitter-sweet apple, on trips to Tina's we would pick every roadside crabapple we could find, resulting in a complex dry cider with a balanced structure and crisp finish. *Only 117 cases bottled.*

Cherry Baby **Dry** **Cherry Rosé** **8%** **\$20 750ml Bottle**

On May 5th, Left Bank added its newest and cutest staff member just in time for cherry season. We got leftover cherry skins with pits from Mead Orchard and used them to kickstart a secondary ferment on a batch of cider, leading to a pronounced cherry aroma and a complex cherry-apple flavor, with hints of vanilla bean and almond.

Wild Duchess **Dry** **Wild Cider** **7%** **\$20 750ml Bottle**

The Duchess of Oldenburg is an antique apple with origins in 17th century Russia—a red-streaked beauty known for its ruggedness and tolerance for extreme weather. We blended The Duchess with crabapples and other mid-season apples and let the juice ferment naturally, from its own wild yeasts and aged the batch for five months. *Only 43 cases bottled.*

Sharp Tongue **Dry** **Blueberry Sour** **7.2%** **\$18 750ml Bottle**

Dry, barrel-aged, and packed with summer blueberries we picked from our favorite orchard. In the great pulp versus no pulp debate, this one sides firmly with pulp. You can see and taste the berry bits here, no fining or filtering to smooth it out.

Byron **Dry** **Estate Cider** **7%** **\$26 750ml Bottle**

Byron is a grateful homage to our friend who has lovingly stewarded his 100+ year old antique orchard with extraordinary care, never spraying. To honor this special place, we blended his best Baldwins, Northern Spies, and Roxbury Russets into this flavorful dry cider. This one is all about the apples. *Only 43 cases bottled.*

MaryAnn's Mead **Dry** **Mead** **12%** **\$15 375ml Bottle**

MaryAnn Welsh makes wildflower honey at her homestead near Middleburgh, NY. We mixed her honey with filtered water, fermented to complete dryness, and barrel aged for close to a year. This is a full-bodied honey flavor without any cloying sweetness. *Only 41 cases bottled.*

Spyser **Dry** **Cyser** **10%** **\$13 375ml Bottle**

Cyser is a traditional co-ferment made through the fruitful marriage of apples and honey. Our Spyser features wild apples we harvested in the mountains, with an emphasis on the variety Northern Spy (...get it?). The resulting beverage combines the tartness of apples with the smoothness of honey—merged and beautifully mellowed by the barrel.
