DRAFTS

HOMEMADE CIDERS

FLIGHTS AVAILABLE // 4 for \$12 // All 8 for \$20

(Flights do not include Spyser)

Northern Spy *Single varietal series* 7% \$8 Draft

An old New York Native, Northern Spy is not planted much today. This cider was aged in oak to calm the acids, round the profile and balance this lively cider.

Baldwin *Single varietal series* 7.5% \$8 Draft

Baldwin is a rare apple now, but cider makers and drinkers appreciate its ability to make a quality single variety cider, which is also rare.

Dabinett *Single varietal series* 8% \$8 Draft

A traditional bittersweet apple from Somerset, England. Our single varietal of this unique apple is earthy with root beer and sassafras notes.

Wild Duchess 8% \$8 Draft

One of our first ciders from 2019, this favorite is back! But there's only one keg left. Duchess of Oldenburg apples mixed with crabs make this a rich and complex drink, only improved with age.

Peach Cobbler 7.2% \$8 Draft

A spicy, aromatic sipper, this cider was soaked with fresh, ripe summer peaches and spices.

Plum 7.2% \$8 Draft

Dry cider with fresh, local plums added. Bright, tart, lovely.

Hudson 7.5% \$6 Draft

Our classic 'house' cider. Barrel aged, clean, easy drinking summer cider

Pearkin 2% \$6 Draft

Made from a second pressing of pear pomace (think piquette) ciderkin is a light, low-alcohol cider you can easily drink all day long.

HOMEMADE MEAD

Spyser 10% \$8 Wine Glass

Cyser is a traditional co-ferment made through the fruitful marriage of apples and honey. Our fully dry Spysers features wild apples and local homestead honey.

Case Discounts: buy 11 bottles, get the 12th free

Car Trouble

8%

\$12 500ml Bottle

Classic, clean, fully—aged for over a year in neutral barrel. Pomme fruit, white pepper, vanilla, oak. Acids upfront with a lingering finish. Bottle conditioned, naturally cloudy with sediment.

Northern Spy SV

7%

\$14 500ml Bottle

Single varietal series. Despite having one of the all-time great apple names, Northern Spy is not planted much today. Back when apples had grand names it was very popular for both fresh eating and cider. Ours was aged in the barrel to calm the acids, round the profile and balance this lively cider.

Baldwin SV

7.5%

\$14 500ml Bottle

Single varietal series. Baldwin was once the most popular apple of its time—by a long shot—until the terrible winter of 1934 killed the magnificent Baldwin orchards. It's a rare find now, but cider makers and drinkers appreciate its ability to make a quality single variety cider, which is also rare.

Dabinett SV

8%

\$16 500ml Bottle

Single varietal series A traditional bittersweet apple from Somerset, Dabinett is popular in England but hard to find in the United States. Its low acids and high tannins make it ideal for cider, and our single varietal of this unique apple is earthy with notes of root beer and saffron.

Kabbin

7%

\$15 500ml Bottle

Kabbin is wild fermented from wild apples. We spent the month of October picking apples in the Catskill Mountains— Maplecrest sweets, Durham sours, and flowering crabapples from the Arboretum. *Kabbin* has a full, mildly funky flavor. *Only 96 cases bottled.*

Tina

7.2%

\$15 500ml Bottle

Our friend Tina let us pick truckloads of apples from her farm in the Catskill mountains. And while the backbone of this cider is an uncultivated, bitter-sweet apple, on trips to Tina's we would pick every roadside crabapple we could find, resulting in a complex dry cider with a balanced structure and crisp finish. *Only 117 cases bottled.*

Byron

7%

\$26 750ml Bottle

Byron is a grateful homage to our friend who has lovingly stewarded his 100+ year old antique orchard with extraordinary care, never spraying. To honor this special place, we blended his best Baldwins, Northern Spies, and Roxbury Russets into this flavorful dry cider. This one is all about the apples. *Only 43 cases bottled.*

HOMEMADE FRUIT CIDERS AND MEADS

Drink it here! Bottle pours available for \$10

Case Discounts: buy 11 bottles, get the 12th free

Plum

7.2%

\$18 750ml Bottle

Cider fermented and ages with plums—pulp and pits—in stainless steel for six months. Juicy, tart and tangy, with rose and ripe plum notes up front. Pit contact adds astringency, giving it a long finish. Bottle conditioned and unfiltered, with sediment.

Peach

7.2%

\$18 750ml Bottle

Fermented with peaches, aged for six months in stainless steel. A juice, fruity, peachy nose with apple acids and body. Bottle conditioned, naturally cloudy with sediment.

Sharp Tongue

7.2%

\$18 750ml Bottle

Dry, barrel-aged, and packed with summer blueberries we picked from our favorite orchard. In the great pulp versus no pulp debate, this one sides firmly with pulp. You can see and taste the berry bits here, no fining or filtering to smooth it out.

MaryAnn's Mead

12%

\$15 375ml Bottle

MaryAnn Welsh makes wildflower honey at her homestead near Middleburgh, NY. We mixed her honey with filtered water, fermented to complete dryness, and barrel aged for close to a year. This is a full-bodied honey flavor without any cloying sweetness. *Only 41 cases bottled.*

Spyser

10%

\$13 375ml Bottle

Cyser is a traditional co-ferment made through the fruitful marriage of apples and honey. Our Spyser features wild apples we harvested in the mountains, with an emphasis on the variety Northern Spy (...get it?). The resulting beverage combines the tartness of apples with the smoothness of honey—merged and beautifully mellowed by the barrel.
